

Indoor LED Lamp: Mini Sunflower SFLm

Mini Sunflower is a System Extension Lamp for Solar Home Systems with 5 V DC USB output.

Lamp is ideal for lighting applications with low brightness requirement, e.g. small rooms or night light. Easy to use plug and play with 8m wire, switch and USB Plug included for flexible and easy installation.

Technical Data Mini Sunflower Lamp	
Type	SFLm-5/0.25CW
Light color type	CW (cool white)
Color Temperature +/- 10% in K	6000K
Power	0.25W
Current @ 5V	0.05A (+/- 6mA)
Lumen output	17lm
Luminous efficiency	68lm/W
Voltage	5V DC
CRI	>70%
Working Temperature	-20...+50°C
LED lifetime	50,000h
IP Rating	IP40
Humidity	<95% non-condensing
Diameter/Height	60mm/26mm
Material	ABS/PC
Wire	8m (+/-10cm) Wire, USB-A Plug and Switch Wire USB to Switch: 5m Wire Switch to Lamp: 3m
	All performance values valid at 5VDC and 25°C ambient temperature
